1. Please give your own impressions, and summarise other feedback you received, on *the Reader in Training's participation in the local worship and on the Reader in Training's planning and leading of an informal act of worship or group*. Did the participation in the local worship show the ability maturely and effectively to minister in a new/different context? Was the worship/group creatively and effectively planned? Was it led in an appropriate manner?

4. On an additional sheet, please feel free to make any further comments you feel would help the staff in their work with this Reader in Training. In particular, you may wish to discuss:
- ❖ the Reader in Training's self-awareness and response to feedback on his/her work,
  - ❖ his/her sensitivity in relating to others, and
  - ❖ his/her ability to make connections between his/her own life and spirituality on the one hand, and the demands of accredited ministry on the other.

Please note that we are *not* asking you for a verdict on the Reader in Training's suitability for licensing, or for a particular type of ministry, nor are we asking for a letter of recommendation on their behalf. At the same time, this is a key moment in their training, and therefore one which provides an opportunity for you to guide us in the areas mentioned. We thank you in advance both for your time in writing this report, and for your generosity in hosting the placement.
